Hello Students and Parents!

The new school year is just around the corner and there is still time to add AVID to your fall schedule!

AVID recruits students who are motivated to do well and who are serious about their academic future. Based on your academic record, we feel that you are an ideal candidate for the AVID Elective. We know that your individual determination, your hard work, and with AVID support you will succeed on your path for college and career readiness.

The AVID Elective class builds up skills in reading, writing, organization, time management, note taking, leadership, and critical thinking using engaging lessons and inquiry driven tutorial sessions. The AVID elective supports student success in all academic courses and prepares students for college and career readiness.
